Sitar Arts Center's mission is to offer possibilities that transform the lives of children and teens born into a world of unequal access to opportunity. Sitar engages youth in the highest quality visual, digital, and performing arts so that students learn about themselves and gain critical life skills. With 80% of its students coming from low-income households, our community's support this season gives children a safe path in life and provides much-needed educational opportunities during the vulnerable afterschool hours and summer months.
